Meeting the Modern Workplace Challenge

With the FUJITSU LIFEBOOK U7x10 family of notebooks, you can chart an effective course for your workplace IT in a hyper-connected world, meeting both corporate requirements on security and management, as well as providing users with a sleek, cool device that's ideal for workspace sharing.

One desk – multiple workplaces

Desk sharing enables companies and their staff to use office space more flexibly and collaborate more effectively. The LIFEBOOK U7, with its choice of two port replicators, keeps desks tidy and free of cable clutter, and ensures people can get straight to work. Choose between a classic port replicator that is shareable across the family and LIFEBOOK E5 series, or a USB Type-C port replicator as a single-cable solution.

The notebook to raise your data security

Security regularly ranks high on the list of concerns of IT managers, who must deal with threats from viruses, fraud and theft, as well as risk exposure through the use of weak passwords. With a choice of palm vein authentication, fingerprint scanner, IR webcam shutter or SmartCard reader, the LIFEBOOK U7 family improves security and keeps handling easy. New LIFEBOOK U7310 provides an ePrivacy Filter to keep safe from prying eyes.

Standout Benefits of the LIFEBOOK U7

The new LIFEBOOK U7 family with the latest 10th Gen Intel® Core™ processor strikes the perfect balance between the needs of technology decision makers and business end-users.

Hinge Design
Aluminum-caged hinges to better reflect durability and reliability

Premium connectivity
Stay flexible in every environment with a full set of interfaces with Intel® Thunderbolt™ 3, Global 4G with eSIM ready and Wi-Fi 6
If you leave your device, MS Modern Standby makes sure that your device is instantly ready again

Easy to Carry
Starting from 1.11 kg – 19 mm thin

Durable Material
Magnesium display cover and bottom, aluminum palm rest

Security meets Comfort
No annoying password typing – convenient sign in with your palm vein pattern (with PalmSecure™), fingerprint or face recognition (with IR Cam)

CORE i7
10TH GEN
(intel)

10th Gen Intel® Core™ processors: Designed for what's coming next.

Anti-Glare Displays
Anti-glare HD, FHD or optional FHD touch display
The webcam shutter protects your privacy

180° Display Shift
Hinged for 180° full flat position

Mobile Productivy
