FUJITSU Desktop ESPRIMO

Business-centric desktops
for the way you work

shaping tomorrow with you

Fujitsu recommends Windows 10 Pro.

Business-centric innovation from Fujitsu

FUJITSU ESPRIMO desktops are designed to keep you efficient and productive in a dynamic business world. To save on power bills, they combine energy-efficient power supply units with a special Low Power Active mode: this keeps the PC constantly available – ready for instant communication – at minimal energy consumption.

Performance is equally impressive, and the ESPRIMO comes with a choice of feature sets and form factors from mini PC to microtower and all-in-one “plug & work” devices. For easier connectivity, the ESPRIMO is also available in Meeting Room Editions to power smart conference rooms.
